Welcome

to your free **METECC** calendar which is really simple to make and covers 15 months!

Instructions

1. Fold along the four vertical and one horizontal dotted lines.
2. Cut along the four solid lines, from the bottom of the card as far as the bottom blue line.

3. Glue over this writing, and glue the flaps (A, B, C, D, and E).

Now stick flaps

B on top of A

C on top of B.

D on top of C.

E on top of D.

And stick the final section to make your useful calendar.
